Brynn

Notes:

0/ drawn using 19mm (3/4") material

1/ dimensionally the same except as noted

2/ triangle at back of CC is of undetermined dimension -- its purpose is to combat port-to-port interference

3/ the mouth deflectors can be built using a single piece deflector (as shown). or stepped strips as seen on other Spawns.

4/ damp main chamber as you would a bass reflex

5/ no bracing shown. It is recommended.

6/ FE126e can be used with 5R in series but have less excursion
